Kim Nicole Dahl, B.A.

## **MISSION**

To break the cycles of poverty, abuse, and inequality and provide opportunities and resources for every young person in our programs to thrive in all aspects of their lives and become the best version of themselves.

To create safe spaces where youth have access to education, health, and a sense of belonging through long-term solutions like education, practical and emotional support, and community development.

## **VISION**

Our vision is to ensure that all youth in our home-based and community programs have access to education, health, and well-being services in a safe and inclusive environment to nurture their potential.

## **CORE VALUES**

1. **Empowerment:** Our organisation strives to empower youth to generate positive changes in their lives and communities by equipping them with the tools and resources needed for their own success.
2. **Empathy:** Mision Mexico Foundation embraces empathy, fostering understanding and compassion in our interactions with others.
3. **Sustainability:** Our commitment lies in generating positive and long-lasting effects for our community and youth.
4. **Collaboration** is deemed essential in accomplishing our objectives. By partnering with individuals, groups, and organisations interested in our work, we can amplify our influence.

# GOALS FOR SUSTAINABLE DEVELOPMENT

Mision Mexico Foundation strives to accomplish the Sustainable Development Goals (SDGs) by addressing poverty, education, health, and well-being for all. Our programs and initiatives support a larger effort for positive transformation, securing a brighter future for the youth and communities under our care.

## WIDER GOALS

In compliance with article five of the Federal Law for the Promotion of Activities Carried out by Civil Society Organizations and article 97 of the Income Tax Law, this organization does not seek profit and is dedicated to conducting specific activities for homeless children/youth, low-income individuals, and vulnerable populations.

- Attention to food, clothing, and housing needs
- Social orientation in education, healthcare, vocational training
- Encouraging youth participation in acquiring skills to enhance their circumstances and cultivating support networks.
